

## Atlantic Technology Group Solutions Series

### *MultiTech Systems SMSFinder—Turnkey SMS Server*

## SMSFinder®

### Turnkey SMS Server

### Benefits

- Sends and receives text messages
- Affordable, ready-to-use solution
- Web-based management
- Carrier approved

The Multi-Tech SMSFinder® turnkey SMS server empowers businesses with the ability to broadcast and receive SMS text messages. The ready-to-use solution simply plugs into the Ethernet network and connects to the wireless network via an integrated quad-band GSM modem. Now anyone on the network can broadcast messages allowing organizations to reach clients, subscribers, members and prospects via SMS with a click of a button. The API interface expands the SMSFinder functionality by integrating third party user applications for superior customization, automation and compatibility.

### Family Features

- Sends and receives 10 SMS per minute per channel
- Sends SMS to one or multiple individuals, group or multiple groups
- Organize entries into 50 distribution groups for targeted messages
- Supports up to 20,000 entries in the address book
- Supports sorting and searching on address book
- Allows third party API integration
- Allows import of standard csv file format into address book
- Allows setup of up to 100 pre-configured SMS messages
- Broadcast pre-defined SMS based on receipt of matching SMS and/or phone number
- Setup user accounts with different rights
- Integrated quad-band GSM modem
- Web-based configuration and management
- Flash memory to update firmware with the latest enhancements
- Desktop or panel mounting
- Two-year warranty
